Help for Flood Victims & Needy Poor People

Rehmat Karim Welfare Foundation is a charity project working for the poor and needy people of Jhelum who cannot afford the expenses of their daily life and very expensive general medical and kidney dialysis treatment.

In response to the devastating floods in Pakistan, Rehmat Foundation has sent two full trucks with eatable food to the Khyber Pakhtoon Khawh area for flood victims. Due to the scale of the disaster it has become apparent that we need to send more food and supplies however, expenses for these trucks are around 185,800 Rs in total. We would like to appeal to all brothers and sisters to donate generously so that Rehmat Foundation would be able to achieve this goal and help more needy people or flood victims. So please come and join us to raise funds and donate today.

Sincerely yours,
Ijaz Ahmed
